## 2. PAYMENT OF PROCEEDS

---

On the Income Date, we will pay the Accumulation Value of the Contract to the Owner(s) if the Annuitant is living, unless Section 2.3 applies. You must elect, at least 30 days prior to the Income Date, to have the Proceeds paid under one of the Payment Plans set out in Section 6. If no election is made, Proceeds will be paid automatically as a monthly income for a minimum of 120 months and as long thereafter as the Annuitant lives.

### 2.1 Death of Annuitant

If the Owner is not the Annuitant, and any Annuitant (and any Joint Annuitants) dies while this Contract is in-force, all Owners must:

- (a) notify us within 90 days; and
- (b) choose a new Annuitant.

If all Owners do not choose a new Annuitant within 90 days of any Annuitant's death, the oldest of all Owners becomes the Annuitant.

For purposes of this section, if any Owner of this Contract is not a natural person, the death of the Annuitant shall be treated as the death of an Owner.

**2.2 Surrender of Contract** - Any time prior to the Income Date, you may ask in a form acceptable to us to receive the Cash Surrender Value of the Contract. Proceeds payable to you on full surrender of the Contract will be the Cash Surrender Value as defined in Section 5.2. Proceeds payable on a Partial Surrender of the Contract will be as defined in Section 5.5. We may require the Contract to be returned to us when the Proceeds are paid.

### 2.3 Death of Contract Owner

Proceeds payable upon death will be the Death Benefit as defined in Section 5.4.

- (a) If any Owner of the Contract dies before the Income Date, the following applies:
  - (i) If the sole, designated Beneficiary is the deceased Owner's spouse, the Contract will continue and, if the deceased Owner was also the Annuitant, the deceased Owner's spouse will also be the Annuitant.
  - (ii) If the designated Beneficiary of the deceased Owner's interest is someone other than the deceased Owner's spouse, the entire interest in the Contract must be distributed: (a) within 5 years of the deceased Owner's death; or (b) as to the portion of the deceased owner's interest in the Contract, over the life of the designated Beneficiary or over a period not extending beyond the life expectancy of the designated Beneficiary, with payments beginning within one year of the deceased Owner's death.

If the deceased Owner was the Annuitant, the new Owner will be the Joint Owner, if any, or the Beneficiary if there is no Joint Owner. If the deceased Owner was not the Annuitant, the new Owner will be the Joint Owner, if any, or the Annuitant if there is no Joint Owner. If the new Owner under Section 2.3(a)(ii) dies after the deceased Owner but before the entire interest has been distributed, any remaining distributions will be paid to the new Owner's estate.

- (b) If any Owner dies on or after the Income Date, but before all Proceeds payable under the Contract have been distributed, we will continue payments to the Beneficiary under the payment method in effect at the time of the deceased Owner's death.

- (c) If anything in the Contract conflicts with the foregoing Death of Owner provisions, those provisions shall control. The foregoing Death of Owner provisions and the Contract shall, in all events, be construed in a manner consistent with Section 72(s) of the Internal Revenue Code of 1986, as amended.

**2.4 Interest on Proceeds Payable at the Owner's Death** - If Proceeds are not paid in one sum or applied under a Payment Plan within 30 days after we receive Due Proof of Death of the Owner, we will pay interest on the Proceeds. Interest will be paid at the rate required by applicable state law from the date we receive Due Proof of Death until the Proceeds are paid or applied under a Payment Plan.

**2.5 Exemption of Proceeds** - All payments of Proceeds under the Contract will be made from our Executive Office. To the extent allowed by law, the Proceeds will be free from creditors' claims or legal process.

---

### **3. OWNERSHIP, ASSIGNMENT AND BENEFICIARY(IES) PROVISIONS**

---

**3.1 Ownership** - As an Owner, you can exercise the rights given by the Contract provided, however, that no Ownership rights will exist if Section 2.3(a)(ii) applies. You can change the Owner at any time during the Annuitant's life. Any change in Ownership must be requested at our Executive Office. The request must be in a form acceptable to us. Unless specified by the Owner, the change will go into effect on the date the notice of change is signed by the Owner, subject to any payments we make or actions we take before we record the change.

If the Contract is owned by a trust, corporation, partnership, association or other like entity the Annuitant is considered the Owner for purposes of the death benefit provision.

**3.2 Assigning Your Contract** - You can assign your rights under the Contract to someone else. Such an assignment is not a change of Ownership. Consent of any Irrevocable Beneficiaries is required before any such assignment is effective.

To assign your Contract, you must make a request to our Executive Office. The request must be in a form acceptable to us. Unless otherwise specified by the Owner, the change will go into effect on the date the notice of assignment is signed, subject to any payments we make or actions we take before we record the assignment. We are not responsible for the validity or effect of any assignment, including any tax consequences.

**3.3 Beneficiary** - You may name any Beneficiary to be an Irrevocable Beneficiary. The interest of an Irrevocable Beneficiary cannot be changed without his or her consent. Otherwise, Beneficiaries can be changed as explained below.

Unless you state otherwise, all rights of any Beneficiary, including an Irrevocable Beneficiary, will end if he or she dies before the Owner. If any Beneficiary dies before the Owner, that Beneficiary's interest will pass to any other Beneficiaries according to their respective interests. If all Beneficiaries die before the Owner, upon the Owner's death we will pay the Proceeds to your estate or legal successors.

You can change the Beneficiary at any time during the Annuitant's life. To do so, make a request to our Executive Office. The request must be in a form acceptable to us. Unless otherwise specified by the Owner, the change will go into effect on the date the notice of change is signed by the Owner, subject to any payments we make or actions we take before we record the change.

A change cancels all prior Beneficiaries; except, however, a change will not cancel any Irrevocable Beneficiary without his or her consent. The interest of the Beneficiary will be subject to:

- (a) any assignment of the Contract, accepted and recorded by us prior to the Annuitant's death; and
- (b) any Payment Plan in effect on the date of the Annuitant's death.

**3.4 Simultaneous Death of Beneficiary and Owner** – Proceeds will be paid as though any Beneficiary died before the Owner if:

- (a) the Beneficiary dies at the same time as the Owner; or
- (b) within 24 hours of the Owner's death.

---

#### **4. PREMIUM**

---

The Initial Premium for the Contract is payable no later than the Contract Date. There is no Contract until the Initial Premium is paid. If any check presented as payment of any part of the Initial Premium for a Contract is not honored, the Contract will be void.

Premiums after the Initial Premium may be paid while the Contract is in force prior to the Income Date or prior to the Owner's death. We may require that the initial premium be at least as high as the Initial Minimum Premium Amount. We may limit or restrict the amount of a premium payment that we will accept in the first contract year without prior approval to the First Year Maximum Premium Amount. Premiums received after the first Contract Anniversary may be limited to the Renewal Year Maximum Premium Amount per Contract year without prior approval.

**4.1 Allocation of Premiums** – You may allocate Premiums among the available Accounts. We may cease to accept new Premiums/Transfer Amounts to a specific Account(s) at any time. Any new Premiums/Transfer Amounts accepted are subject to the terms and conditions in existence for any Account(s) available at that time. The amount allocated to an Account must be at least \$2,000.

All Premium payments are invested in the general account of the Company. Interest/earnings will be credited in accordance with the terms of the Contract. All Premiums after the Initial Premium will be allocated to the Fixed Account at the time of receipt. On each Contract Anniversary, the Accumulation Value associated with any Premium received since the prior Contract Anniversary will be reallocated among the Accounts according to your most recent instructions.

You may change your allocation instructions at any time by sending a written request on a form acceptable to us. Your written request must be received by us at least five business days prior to the Contract Anniversary to apply to premiums received during that Contract Year. The change to your allocations will be effective on the Contract Anniversary next following our receipt of written notice.

---

#### **5. CONTRACT VALUES**

---

**5.1 Accumulation Value** - On the Contract Date, the Contract's Accumulation Value equals the Initial Premium Paid. At any time after the Contract Date, the Contract's Accumulation Value equals the sum of the Accumulation Values(s) of the Account(s) chosen.

**5.2 Cash Surrender Value** - At any time on or prior to the Income Date, you may ask, in a form acceptable to us, to receive the Contract's full Cash Surrender Value in a single sum. The Cash Surrender Value of this Contract equals the greater of: (a) the Minimum Guaranteed Contract Value; or (b) the Accumulation Value less a Surrender Charge in effect at the time of surrender.

In no event will the Cash Surrender Value be less than the Minimum Guaranteed Contract Value defined in Section 5.3. Upon full Cash Surrender, this Contract will cease to have any further value.

**5.3 Minimum Guaranteed Contract Value** - The Minimum Guaranteed Contract Value equals 87.5% of the sum of each Premium Paid, less Partial Surrenders, if any, accumulated at the Minimum Guaranteed Contract Rate as defined in the Contract Data Pages, compounded annually.

**5.4 Death Benefit Value** – The death benefit is the larger of (a) the Contract's Accumulation Value; or (b) the amount that would have been payable in the event of a full surrender on the date of death, adjusted for any payments that may have been made since the date of death.

**5.5 Partial Surrender** – You may make a Partial Surrender at any time prior to the Income Date by giving notice to Us. After the first Contract Year, Partial Surrenders of up to 10% of the Contract's Accumulation Value as of the last Contract Anniversary may be made without a Surrender Charge.

Partial Surrenders may be taken through a single withdrawal or multiple withdrawals. Any unused portion of the penalty free Partial Surrender amount in a Contract Year will not carry over to any subsequent Contract Year. Partial Surrenders in excess of 10% may be subject to a Surrender Charge. If the Contract is subsequently surrendered during the Contract Year, the Surrender Charge will be applied to any previously uncharged Partial Surrender amounts taken in the same Contract Year.

The amount withdrawn at any one time must be at least \$250. If the Cash Surrender Value after a Partial Surrender is less than \$2,000, We reserve the right to pay the remaining Cash Surrender Value to You as a full surrender. Partial Surrenders will be taken from the Accounts utilized by you at the time of surrender as chosen by us at our sole discretion.

**5.6 Payment Deferral** - We may delay payment of any amount surrendered or withdrawn for up to six months

**5.7 Nonforfeiture Values** –On the Income Date, the Contract will provide for a paid-up annuity benefit. Upon surrender of the contract on or before the Income Date, we will pay the Cash Surrender Value in lieu of a paid-up annuity benefit. The reserves and guaranteed values will at no time be less than the minimum required by the NAIC Standard Nonforfeiture Law for Individual Deferred Annuities, model #805.

The benefits available under this Contract are not less than the minimum benefits required by the NAIC Standard Nonforfeiture Law for Individual Deferred Annuities, model #805.

**5.8 Discontinuation of or Substantial Change to an Index** – If an index is discontinued or the calculation of an index is substantially changed, we may substitute a comparable index subject to approval by the Interstate Insurance Product Regulation Commission. Before a substitute index is used, we shall notify the Owner and any assignee of the substitution.

---

## 6. PAYMENT PLANS

---

On the Income Date, the Accumulation Value can be left with us and paid under a Payment Plan. You can choose a plan during the Annuitant's lifetime. This choice can be changed during the life of the Annuitant prior to the Income Date. If you have not chosen a plan prior to the Annuitant's death, the automatic option as described in Section 2 will be applied.

A plan is available only if the periodic payment is \$100 or more.

Upon receipt of a request to our Executive Office, we will send you the proper forms to choose a plan. The plan will go into effect when the forms are recorded at our Executive Office.

If the person named to receive payments is other than a natural person (such as a trust or corporation), a plan will be available only with our consent. If, for any reason, the person named to receive payments is changed, the change will go into effect when notification is recorded by us subject to any payments we make or actions we take before we record the change.

The minimum amounts payable for each of the Payment Plans described below are based on the amount applied earning interest at the Payment Plan Minimum Interest Rate stated on the Contract Data Page. We may pay a higher interest rate at our discretion. Payments for Plan B are based on the Payment Plan Mortality Table state on the Contract Date Page. The minimum payments for Plans A and B assume annual payments with the first payment made one year after the Income Date.

Annuity benefits under a Payment Plan must be as least as great as those that would be provided by using the Cash Surrender Value to purchase a Single Premium Annuity contract offered by the Company on the Income Date.

**6.1 Plan A. Fixed Period** - The Contract Proceeds will be paid until the Proceeds, plus interest, are paid in full. Payments may be paid monthly or annually. The payment period cannot be more than 30 years nor less than 10 years. The table below shows the annual payment for each \$1,000 of Proceeds applied with payments starting one year after Proceeds have been applied to this Payment Plan.

15	73.84	6.20
20	57.38	4.81
25	47.55	3.99

**6.2 Plan B. Life Income** - The Contract Proceeds will be paid in monthly or annual payments for as long as the Owner or Beneficiary, whichever is appropriate as stated under Section 2, lives. We have the right to require proof satisfactory to us of the age and sex of such appropriate person and that such appropriate person is alive prior to making any payment. A minimum number of payments may be guaranteed, if desired.

**Index** means the measure used for determining the Index Number. If the Index is discontinued or if the calculation of the Index is substantially changed, we will substitute a comparable Index, subject to approval by the Interstate Product Regulation Commission (IIPRC). Prior to the use of a substitute Index, we will notify the Owner and any assignee in writing. The Index for this Account is shown on the Specification section of this Endorsement

**Index Credit** is the amount, if any, added to the Account Accumulation Value at the end of each Contract Year. The Index Credit in any Contract Year will never be less than zero.

**Index Credit Factor** is the percentage multiplied by the current Account Accumulation Value at the end of a Contract Year to determine Index Credits. The formula for the Index Credit Factor is on the following page.

**Index Increase** means the percentage excess of the end-of-year Index Number over the beginning-of-year Index Number. Year refers to Contract Year.

**Index Number** means the published value of the Index. The Index Number on any specified date is the closing value on the previous trading day associated with the Index. If the Index Number is not published on any day for which a calculation is made, the first preceding published Index Number will be used. The Initial Premium amount plus any Premium Bonus allocated to this Account will be assigned an Initial Index Number which is shown on the Specification section of this Endorsement.

**Participation Rate** is the percentage of the Index Increase which will be recognized in calculating the Index Value. The Participation Rate is declared at issue and guaranteed for one year. The Participation Rate for future durations will be declared on each Contract Anniversary and is guaranteed for the following Contract Year. The minimum Participation Rate is shown on Specification section of this Endorsement.

## ACCOUNT VALUES

---

### Account Accumulation Value

Account Accumulation Value is calculated as follows:

1. On the Contract Date, the Account Accumulation Value equals the Initial Premium Paid and any Premium Bonus allocated to this Account.
2. On each Contract Anniversary, your Account Accumulation Value equals:
  - (a) The Account Accumulation Value on the last Contract Anniversary; less
  - (b) Adjustments for any Partial Surrenders from the Account during the Contract Year; plus

- (c) The Index Credit; plus (minus)
- (d) Any transfers into (out) of the Account.

3. On any other date, the Account Accumulation Value equals:

- (a) The Account Accumulation Value on the last Contract Anniversary (which has been adjusted for any transfers into or out of the Account on the last Contract Anniversary); less
- (b) Adjustments for any Partial Surrenders from the Account during the Contract Year.

### Index Credit Methodology

The Index Credit is equal to:

- (a) The Account Accumulation Value on the last Contract Anniversary; less
- (b) Adjustments for any Partial Surrenders from the Account during the Contract Year; multiplied by
- (c) The Index Credit Factor.

The Index Credit Factor is equal to:

- (a) The Index Number for the current Contract Anniversary Date, minus the Index Number on the last Contract Anniversary; divided by
- (b) The Index Number on the last Contract Anniversary date; multiplied by
- (c) The Participation Rate; but not less than
- (d) Zero.

The Index Credit Factor uses the Participation Rate applicable for the 1-Year Point-to-Point Participation Index Account.

To qualify for the Rider, Joint Owners are not permitted.

The Rider will terminate if any modification results in a change of Annuitant or Owner.

---

## **3. PREMIUM**

---

Premiums after the Initial Premium may be paid during the Accumulation Period, according to the terms of the Contract. No Premium payments are allowed during the LTC Benefit Period. Once the Accumulation Value becomes zero, no further Premium payments are allowed.

---

## **4. RIDER PROVISIONS**

---

### **4.1 LTC Benefit Base**

#### **During the Accumulation Period**

On the Rider Date, the LTC Benefit Base is equal to the Initial Premium multiplied by the Coverage Ratio shown on the Rider Data Page. After the Rider Date, the LTC Benefit Base will accumulate at the Rollup Rate for the duration of the Rollup Period. For any additional Premiums received in the first Contract Year, the LTC Benefit Base will be increased by the amount of the additional Premium multiplied by the Coverage Ratio. After the first Contract Year, the LTC Benefit Base will be increased by the amount of the additional Premium. The LTC Benefit Base will be decreased for any Withdrawals. Any Withdrawals during the Accumulation Period will reduce the LTC Benefit Base in proportion to the decrease in the Accumulation Value.

#### **During the LTC Benefit Period**

On the date of the first LTC Benefit Payment, if the Accumulation Value is greater than the LTC Benefit Base, the LTC Benefit Base will be increased to the Accumulation Value. This is called a step-up feature and will only happen once. The Rollup of the LTC Benefit Base stops permanently at the beginning of the LTC Benefit Period.

The LTC Benefit Base will be decreased dollar-for-dollar by the amount of any LTC Benefit Payments. Excess Withdrawals will decrease the LTC Benefit Base in proportion to the decrease in the Accumulation Value.

If the Accumulation Value is zero, there may still be a Benefit Base. This Rider is considered to be in an extended benefit period when the Accumulation Value of the Contract is zero, but Long-Term Care Benefits are payable.

### **4.2 LTC Benefit Payment Amount**

The LTC Benefit Payment Amount is the amount that can be withdrawn monthly under the terms of the Rider, without being considered an Excess Withdrawal. LTC Benefit Payments reduce the Accumulation Value and are considered Partial Surrenders. LTC Benefit Payments can only be taken in equal monthly installments.

The initial monthly LTC Benefit Payment Amount is equal to:

- (a) The LTC Benefit Base, less the Accumulation Value, multiplied by
- (b) The current contract year Benefit Base Vesting Percentage, plus
- (c) The Accumulation Value, divided by
- (d) The number of months in the LTC Benefit Period.

Once this amount is determined, it will not change except for any subsequent Excess Withdrawals taken. Additional Premiums will not be accepted into the contract after LTC Benefits begin.

Withdrawals of the LTC Benefit Payment Amount will not be subject to a Surrender Charge or Market Value Adjustment (MVA). Partial Surrender provisions are described in the Contract. LTC Benefit Payments include, and are not in addition to, the Partial Surrender amount that is available without a Surrender Charge or MVA, as outlined in the Contract.

LTC Benefit Payments will continue monthly until the end of the LTC Benefit Period, as long as the Owner continues to meet the Eligibility Requirements.

#### **4.3 Rider Charge**

The Rider Charge will be deducted monthly from the Accumulation Value. When the charge falls on the Contract Anniversary, the charge will occur after the application of any Interest Earned or Index Credits.

The monthly Rider Charge will be calculated as:

- (a) The monthly attained age Rider Charge Percentage, as found on the Rider Data Page, multiplied by
- (b) The current LTC Benefit Base, less the current Accumulation Value, multiplied by
- (c) The current contract year Benefit Base Vesting Percentage.

The initial attained age Rider Charge Percentage is based on the Owner's attained age on the Rider Date. The Rider Charge Percentage will change each Contract Year, based on the Owner's attained age on the Contract Anniversary. The Rider Charge will be deducted proportionately from each Account Accumulation Value (as defined in the Contract). The Rider Charge is also deducted from the Minimum Guaranteed Contract Value. The Rider Charge is not deducted from the Benefit Base. The Rider Charge is not considered a Partial Surrender under the Contract.

In the event that the Accumulation Value is greater than the LTC Benefit Base at the time of the Rider Charge deduction, the Rider Charge will be equal to zero. In the event that the Rider is terminated, but the Contract continues, Rider Charges will cease. There are no Rider Charges if the Accumulation Value is zero.

#### **4.4 Premium Load**

Section 5.1 Accumulation Value of the base contract will be revised to read as follows. On the Contract Date, the Contract's Accumulation Value equals the Initial Premium Paid, less the Premium Load Percentage multiplied by the Initial Premium Paid. At any time after the Contract Date, the Contract's Accumulation Value equals the sum of the Accumulation Value(s) of the Account(s) chosen.

Subsequent premiums received in the first year will also be reduced by the Premium Load Percentage multiplied by the subsequent premium amount.

#### 4.5 LTC Benefit Period

The LTC Benefit Period starts on the date of the first LTC Benefit Payment and is the number of years chosen by the Owner to receive LTC Benefit Payments, subject to the Owner meeting the Eligibility Requirements. The LTC Benefit Period may not be less than the Minimum LTC Benefit Period on the Rider Data Page.

#### 4.6 Excess Withdrawals

Excess Withdrawals are defined as Withdrawals exceeding the LTC Benefit Payment Amount in any Contract Month during the LTC Benefit Period. Excess Withdrawals may or may not incur a Surrender Charge or MVA, depending on whether or not the total Withdrawal exceeds the Partial Surrender amount that is available without a Surrender Charge or MVA, as outlined in the Contract.

Excess Withdrawals will decrease the LTC Benefit Base and LTC Benefit Payment Amount in proportion to the decrease in the Accumulation Value.

If Excess Withdrawals reduce the LTC Benefit Base to zero, this Rider terminates.

---

### 5. ELIGIBILITY REQUIREMENTS FOR THE PAYMENT OF BENEFITS

---

If the Owner meets all of the Eligibility Requirements stated below, they are eligible to start LTC Benefit Payments.

On the date that LTC Benefit Payments begin,

- (a) This Rider and the underlying Base Contract must be in force; and
- (b) The Owner meets the definition of Chronically III; and
- (c) Benefits are used for Qualified Long-Term Care Services provided pursuant to a Plan of Care; and
- (d) The Owner is a U.S. resident.

The definition of a Chronically III person is one who has been certified within the preceding 12-month period by a Licensed Health Care Practitioner as: (1) having the inability to perform, without substantial assistance, at least two of six Activities of Daily Living (ADL) for at least 90 days due to a loss of functional capacity; or (2) requiring substantial supervision to protect the individual from threats to health and safety due to Severe Cognitive Impairment.

The Owner, at his or her own expense, is responsible for obtaining the Plan of Care. We reserve the right to request review of the Plan of Care at our discretion, but not more frequently than once every 90 days. No more than one Plan of Care may be in effect at any given time.

While the Plan of Care does not require Company approval, the Company may have discussions with the Licensed Health Care Practitioner to amend the Plan of Care. The Company may also verify that the Plan of Care is appropriate and consistent with Generally Accepted Standards.

To continue to be eligible to receive LTC Benefit Payments during the LTC Benefit Period, a Licensed Health Care Practitioner's statement must be provided annually certifying that the Owner continues to be Chronically III. LTC Benefit Payments will discontinue if the annual certification requirement is not met.

LTC Benefit Payments will discontinue at the end of the LTC Benefit Period once the LTC Benefit Base becomes zero. In this case, LTC Benefit Payments cannot be re-started and the Contract and Rider will be terminated.

---

## 6. RE-STARTING LTC BENEFIT PAYMENTS

---

If LTC Benefit Payments are discontinued due to the Owner no longer being Chronically III, they may be re-started at a later date. The re-started LTC Benefit Payment Amount will be equal to the last LTC Benefit Payment Amount taken, reduced pro-rata for any withdrawals taken since the last payment. Payments will be paid over the remaining number of months in the LTC Benefit Period.

The Owner must meet all of the Eligibility Requirements stated below to be eligible to re-start LTC Benefit Payments.

On the date that re-started LTC Benefit Payments begin,

- (a) This Rider and the underlying Base Contract must be in force; and
- (b) The Owner meets the definition of Chronically III; and
- (c) Benefits are used for Qualified Long-Term Care Services provided pursuant to a Plan of Care; and
- (d) The Owner is a U.S. resident.

Upon re-starting, the LTC Benefit Payment Amount may be the same or lower than the prior amount. Any Withdrawals taken will decrease both the LTC Benefit Payment Amount and the LTC Benefit Base in proportion to the decrease in the Accumulation Value. Otherwise, the LTC Benefit Payment Amount will be equal to the previous amount. The LTC Benefit Payment Amount will be paid over the number of unused months remaining in the LTC Benefit Period.

To continue to be eligible to receive LTC Benefit Payments during the remaining LTC Benefit Period, a Licensed Health Care Practitioner's statement must be provided annually certifying that the Owner continues to be Chronically III. LTC Benefit Payments will discontinue if the annual certification requirement is not met.

LTC Benefit Payments will discontinue at the end of the remaining LTC Benefit Period once the LTC Benefit Base becomes zero. In this case, LTC Benefit Payments cannot be re-started and the Contract and Rider will be terminated.

---

## 7. RIDER TERMINATION

---

The Rider may be terminated at the Owner's request. Once the Rider has terminated, it may not be restarted at any time. To request termination of the Rider, you must make a request to our Executive Office. The request must be in a form acceptable to us. The termination will go into effect when we receive the request to terminate the Rider, and the request is accepted and recorded by us.

The Rider automatically terminates and LTC Benefit Payments cease in the event of the following:

- Upon the death of the Owner; or
- Upon the request for a full surrender of the Contract; or
- Upon election of a Payment Plan under the Contract; or
- If the Accumulation Value becomes zero due to non-LTC partial withdrawals; or
- A change in ownership; or
- A change in Annuitant; or
- Spousal Continuation of the Contract; or
- Once all the LTC Benefit Payments have reduced the LTC Benefit Base to zero.

Upon the death of any Owner, or Annuitant if the Owner is a non-living entity, the underlying Contract and this Rider will terminate. LTC Benefit Payments payable under this Rider will cease at that time.

This Rider has no Cash Surrender Value or other non-forfeiture benefits.

---

## **8. MISSTATEMENT OF AGE**

---

If the Owner's age has been misstated, we will adjust the LTC Benefits and Rider Charges. The LTC Benefits will be those that the Premium would have bought at the correct age. The Rider Charges will be adjusted to the schedule of charges for the correct age. Any underpayment made by us will be made up immediately. Any overpayment made by us will be deducted from the succeeding payments as necessary. By age, we mean the Owner's age as of his or her last birthday on the Rider Date.

---

## **9. CLAIMS PROVISIONS**

---

### **9.1 Notice of Claim**

The Owner must provide written notice of claim to the Company. If the Owner has designated an irrevocable Beneficiary, that Beneficiary must sign off on the claim.

Once notice of claim is received by the Company, we will send the Owner the necessary claim forms. If the Owner does not receive our claim forms within 15 days after written notice of claim is sent, the Owner can send us written proof of claim without waiting for the forms.

### **9.2 Proof of Loss**

The Owner must provide Proof of Loss acceptable to us in order for the Owner's claim to be approved. The Proof of Loss must include detailed written documentation acceptable to us describing and confirming the Insured's status as Chronically III. The Proof of Loss documentation must include the following:

- A claim form provided by us, if applicable.
- The certification by a Licensed Health Care Practitioner that the Owner is Chronically III. Such certification must include the date the Owner became Chronically III and a description of the Owner's Chronic Illness.
- Such other proof as we may deem necessary. The Company may obtain additional information, including the Plan of Care, from the Owner's Licensed Health Care Professional, in order to determine the validity of the claim.

### **9.3 Payment of Claims**

Once Proof of Loss is received by the Company in good order, LTC Benefit Payments will start within 30 days, payable to the Owner.

### **9.4 Appeals**

The Owner will be informed in writing if the claim is denied. In such event, we will provide the Owner with the reason for such denial. The Owner will then have the right to appeal our claims decision. The Owner may request that we make all information directly related to such denial available to the Owner. We will provide the Owner with such requested information within 60 days from the date we receive the appeal request. The Owner must request the appeal within one year from the date we provide notice of the denial of such claim.

The appeal should state why the Owner disagrees with our determination and include any other factors/information the Owner feels that we should take into consideration. The Owner is responsible for the expense of securing such additional information. The Owner may authorize someone else to act for the Owner in this appeals process.

During our review of the appeal, we may request that the Owner provide additional information. If this additional information is not provided, the appeal will be denied. We will inform the Owner of our decision regarding the appeal. If the claim denial is overturned, we will pay any LTC Benefit Payments due.

### **9.5 Claim Overpayment**

If for any reason, benefits have been paid for a period for which the Owner was not entitled to benefits, repayment of the overpayment must be made to us within 45 days of notice to the Owner. Any amounts not repaid may be recovered by us by offsetting against any amounts otherwise payable to the Owner under this Rider or by other reasonable means.

### **9.6 Independent Third Party Review**

The Owner has the right to request an Independent Third Party Review if we upheld our denial of the Owner's claim based upon a determination that the Owner is not Chronically Ill. We will provide the Owner with written instructions of the right to request an Independent Third Party Review and the process pertaining to such review when we notify the Owner of our decision on the Owner's appeal.

The Independent Third Party will review the relevant material related to the denial of the claim that we provide. The Owner will not be required to undergo an additional exam or assessment. The Owner may provide us with additional information that the Owner wishes to be included in the Independent Third Party Review.

The decision of the Independent Third Party is final and binding on us. We will pay the Independent Third Party for their time spent reviewing the information. The Independent Third Party must be state approved or certified to conduct such reviews, if the state requires such approvals or certifications. The Independent Third Party must be mutually agreed upon by you and us.

---

## **10. GENERAL PROVISIONS**

---

### **10.1 Representations**

In the absence of fraud, any statement made by the Owner will be deemed a representation and not a warranty.

### **10.2 Incontestability Period**

A misrepresentation by the Owner in the Application or underwriting interview may be used to rescind or cancel this Rider or deny an otherwise valid claim. During the first six months following the Rider Date, we may take such action upon proof of misrepresentation that was material to the issuance of the Rider. After the first six months, but before the end of the first twenty-four months after the Rider Date, we may take such action upon proof of misrepresentation that is both material to the issuance of the Rider and pertains to the condition for which benefits are being applied for. After twenty-four months past the Rider Date, we can take such action only if it can be proven that the Owner knowingly and intentionally misrepresented relevant facts relating to their health. No LTC Benefits will be paid under this Rider if it is rescinded or cancelled. In the event this Rider is rescinded after we have paid LTC Benefits, we may not recover the payments already made

### **10.3 Pre-Existing Conditions**

Except as described in the Incontestability Period and Misstatement of Age sections, claims under this Rider will not be denied due to a sickness, medical condition or physical condition in existence prior to the Rider Date.

### **10.4 Conformity with Internal Revenue Code**

If we must make changes to the Rider due to subsequent changes in the Internal Revenue Code, we will offer those changes in writing to the Owner. The Owner may accept or reject those changes. If the Owner rejects the changes, this Rider may no longer be tax-qualified under the Code and a tax advisor should be consulted. If the Owner accepts the changes, the Rider will be construed to comply with the changes in the Code. **Tax treatment of Long-Term Care Coverage may change and you should consult a qualified tax advisor for guidance.**

### **10.5 Exclusions and Limitations**

Claim payment will not be made if any of the following apply:

1. A claim resulting directly or indirectly from the Owner's alcoholism or addiction to drugs or narcotics; or
2. A claim resulting directly or indirectly from attempted suicide; or
3. A claim resulting directly or indirectly from an intentional self-inflicted injury.

### **10.6 Right to Reduce Coverage**

Prior to Notice of Claim, you may reduce the LTC Benefit Base to an amount not to be less than the Accumulation Value of the Contract. This request may be made in a form acceptable to us. A reduction in coverage will reduce the Rollup Rate to 0% and the Rollup Period will stop immediately. The LTC Benefit Base cannot be increased following a reduction in coverage.

### **10.7 Cross Border Rules**

Benefits will be paid for services obtained in a state other than the state of issue, if benefits would have been paid in the state of issue, irrespective of facility licensing, certification or registration requirement (or similar requirements) differences between the states.

Only one Wellness Plan may be in effect at any given time. The Wellness Plan may be updated during a

Qualification Period based upon a change in health, lifestyle or care needs. We will pay the costs associated with the development of all Wellness Plans. Participation in the activities of the Wellness Plan is voluntary during any given Qualification Period.

**Wellness Rider Charge** means the fee that will be assessed for this Rider. The Wellness Rider Charge is shown in the Rider Specifications and will not change.

**Wellness Rider Credit** means the amount that may be added to the Additional LTC Benefit Base in each Qualification Period upon completion of the goals and actions outlined in the Wellness Plan. The maximum amount of Wellness Rider Credits in each Qualification Period is determined prior to the beginning of each period and will be included in the Wellness Plan.

## 2. OWNERSHIP PROVISIONS

---

For the purposes of this Rider, the Owner and the Annuitant must be the same person, unless the Owner is a non-natural entity. If the Contract is owned by a trust, corporation, partnership, association, or other like entity, the Annuitant is considered the Owner for purposes of the Rider.

To qualify for the Rider, Joint Owners are not permitted.

The Rider will terminate if any modification results in a change of Annuitant or Owner.

---

## 3. BENEFIT PROVISIONS

---

### 3.1 Wellness Benefits

Wellness Benefits are available to the Owner under this Rider. Wellness Benefits may include, but are not limited to:

- Access to a wellness and healthy aging website, supportive mobile applications, educational tools and resource programs;
- Access to special offers, subscriptions and discounts for wellness and aging programs and services;
- Availability of individualized health and aging risk assessments and Wellness Plans;
- Access to a wellness and aging concierge customer service number;
- Access to professional advisors who can link the Owners' care and service needs to service providers; and
- Tools and incentives to promote continued engagement with the Wellness Program and earning of Wellness Rider Credits.

Wellness Benefits may be accessed as long as this Rider has not been terminated.

### 3.2 Wellness Plan and Wellness Rider Credits

After the Rider is issued, the Owner will complete a questionnaire so the Provider may understand the Owner's health status, goals and needs for healthy aging. Once completed and all necessary information is provided, an individualized Wellness Plan for the current Qualification Period will be created by the Provider and presented to the Owner.

The Wellness Plan will provide recommendations for goals and actions the Owner may undertake to promote a healthy lifestyle and earn Wellness Rider Credits. Completion of any or all of the Wellness Plan during a given Qualification Period is completely voluntary. A new Wellness Plan will be developed by the Provider for each subsequent Qualification Period.

Within the 60-day period prior to the end of each Qualification Period, the Provider will:

- Track the progress in meeting the goals and actions specified in the Wellness Plan; and
- Revisit the Wellness Plan and update as necessary the Owner's health status, lifestyle status, care needs and overall assessment; and
- Determine any changes to the Wellness Plan if necessary for the next Qualification Period.

By completing all goals and actions specified in the Wellness Plan, the Owner can earn Wellness Rider Credits in each Qualification Period. The maximum amount of Wellness Rider Credits that may be earned in each Qualification Period will be detailed in the Wellness Plan for that Qualification Period. If not all goals are met, the Owner may earn a portion of the Wellness Rider Credits based upon the percentage of Wellness Plan goals and actions that were satisfied in that Qualification Period. Any unearned Wellness Rider Credits available at the end of a Qualification Period will not be available on any future date. No Wellness Rider Credits may be earned for a Qualification Period without a Wellness Plan.

The Owner may request a revision or update to their Wellness Plan during a Qualification Period based upon a change in health, lifestyle or care needs. The Provider will work with the Owner to determine if a revision or update is necessary. If the Provider determines that a change to the Wellness Plan is warranted, a revised Wellness Plan will be implemented for the remainder of the Qualification Period.

Wellness Rider Credits may not be earned after LTC Benefits begin under the Long-Term Care Rider or after the LTC Credit Period.

### **3.3 Additional LTC Benefit Base**

The Additional LTC Benefit Base will start at zero on the Rider Date. The Owner must meet requirements set forth in the Wellness Plan during each Qualification Period in order to earn Wellness Rider Credits. Wellness Rider Credits will be added to the Additional LTC Benefit Base at the end of each Qualification Period during the LTC Credit Period.

The maximum amount of Wellness Rider Credits available in any Qualification Period is equal to:

- (a) The LTC Benefit Base at the beginning of the Qualification Period, less
- (b) The Accumulation Value at the beginning of the Qualification Period, multiplied by
- (c) The Additional LTC Benefit Base Factor as shown in the Rider Specifications.

At the time of claim, the Additional LTC Benefit Base will be used to calculate the LTC Benefit Payment Amount. The initial monthly LTC Benefit Payment Amount is equal to:

- (a) The LTC Benefit Base, plus
- (b) The Additional LTC Benefit Base, less
- (c) the Accumulation Value, multiplied by
- (d) The current Contract Year Benefit Base Vesting Percentage, plus
- (e) The Accumulation Value, divided by
- (f) The number of months in the LTC Benefit Period.

If the claim occurs in the middle of a Qualification Period, no Wellness Rider Credits will be earned during that period.

Once the LTC Benefit Payment Amount is determined, it will not change except for any subsequent Excess Withdrawals taken. Additional information regarding Excess Withdrawals is located in the Long-Term Care Rider. Additional Premiums will not be accepted into the contract after LTC Benefits begin.

### 3.4 Additional Rider Conditions

We reserve the right to enhance or modify the Wellness Program over time based upon changes in the medical, wellness, geriatric, technological and provider landscape or other factors that impact any of the actuarial expectations for the Rider. Any change to the Wellness Program will be made on a prospective basis and will not unfairly discriminate within any class of Owners. If the Owner is not satisfied with any change, the Owner may terminate this Rider.

There may be additional costs associated with meeting the Wellness Plan goals or actions that will not be reimbursed by us including, but not limited to, the costs for medical provider visits, services and tests, medications, assistive devices, durable medical equipment, gym membership, exercise program fees, athletic gear, exercise equipment, home modifications and fitness monitoring devices.

### 3.5 Wellness Rider Charge

The Wellness Rider Charge will be deducted annually from the Accumulation Value, with the first charge occurring on the Rider Date. The Wellness Rider Charge will be deducted proportionately from each Account Accumulation Value (as defined in the Contract). The Wellness Rider Charge is not deducted from the LTC Benefit Base, the Additional LTC Benefit Base or the Minimum Guaranteed Contract Value. The Wellness Rider Charge is not considered a Partial Surrender under the Contract.

---

## 4. RIDER TERMINATION

---

The Rider may be terminated at the Owner's request. To request termination of the Rider, you must make a request to our Executive Office. The request must be in a form acceptable to us. The termination will go into effect when we receive the request to terminate the Rider, and the request is accepted and recorded by us. Upon voluntary termination of the Rider, the Wellness Rider Charge and access to all Wellness Benefits will cease and no further Wellness Rider Credits can be earned. Any partial Wellness Rider Credits earned during the current Qualification Period will be forfeited. The Additional LTC Benefit Base at the time of Rider termination will remain available to and accessible by the Owner subject to the terms and conditions of the Wellness Program and the Long-Term Care Rider.

This Rider automatically terminates if the Provider is no longer offering wellness services and there is no suitable provider substitute. The Wellness Rider Charge and access to all Wellness Benefits will cease and no further Wellness Rider Credits can be earned. Any partial Wellness Rider Credits earned during the current Qualification Period will be applied at the end of the Qualification Period. The Additional LTC Benefit Base at the time of Rider termination will remain available to and accessible by the Owner subject to the terms and conditions of the Wellness Program and the Long-Term Care Rider.

This Rider automatically terminates upon termination of the Base Contract or the Long-Term Care Rider. The Wellness Rider charge will cease. Access to all benefits under this rider will be terminated, including the Wellness Rider Credits and the Additional LTC Benefit Base.

Once the Rider has terminated, it may not be restarted at any time.

This Rider has no Cash Surrender Value or other non-forfeiture benefits.

Cash Surrender Values and Partial Surrender Amounts may increase or decrease based on the Market Value Adjustment (MVA) features of this Contract. The MVA can be positive or negative.

In no case will the MVA cause the Cash Surrender Value to be greater than the Accumulation Value or less than the Minimum Guaranteed Contract Value.

**The section of your Contract titled “Cash Surrender Value” is deleted in its entirety and replaced with:**

**Cash Surrender Value** - At any time on or prior to the Income Date, you may ask, in a form acceptable to us, to receive the Contract's full Cash Surrender Value in a single sum. The Cash Surrender Value of this Contract equals the greater of: (a) the Minimum Guaranteed Contract Value; or (b) the Accumulation Value less a Surrender Charge in effect at the time of surrender, plus the Market Value Adjustment described in this Rider.

In no event will the Cash Surrender Value be less than the Minimum Guaranteed Contract Value. Upon full Cash Surrender, this Contract will cease to have any further value.

The Market Value Adjustment is calculated by multiplying the MVA Factor by the amount withdrawn or surrendered (after reduction for any Surrender Charges). The MVA Factor is equal to:

$$1.00 \times (s - c) \times (n / 12)$$

Where:

s = the MVA Rate on the Effective Date

c = the MVA Rate at the time of partial withdrawal or surrender

n = the number of complete months until the end of the MVA Duration.

The MVA Rates are based on Moody's Bond Indices – Corporate Average. If this index is no longer published, We will use a substantially similar index. If required, any change in the index used will be filed with the proper regulatory authority for prior approval.

Cash Surrender Values may increase or decrease based on the Market Value Adjustment (MVA) features of this Contract. The MVA can be positive or negative. Upon full Cash Surrender, the MVA, either positive or negative, will be limited to an amount equal to the Accumulation Value, less the Surrender Charge, less the Minimum Guaranteed Contract Value. In no case will the MVA cause the Cash Surrender Value to be greater than the Accumulation Value or less than the Minimum Guaranteed Contract Value.

**The section of your Contract titled “Partial Surrender” is deleted in its entirety and replaced with:**

**Partial Surrender** – You may make a Partial Surrender at any time prior to the Income Date by giving notice to Us. You may make a Partial Surrender up to the Penalty Free Partial Surrender Amount without a Surrender Charge or Market Value Adjustment. Any portion of the Partial Surrender that exceeds the Penalty Free Partial Surrender Amount may be subject to Surrender Charge and Market Value Adjustment.

Partial Surrenders may be taken through a single withdrawal or multiple withdrawals.

The amount withdrawn at any one time must be at least \$250. If the Cash Surrender Value after a Partial Surrender is less than \$2,000, We reserve the right to pay the remaining Cash Surrender Value to You as a full surrender.

**Annual Statement of Values**

The annual statement of values will contain:

- (a) An indication that the Cash Surrender Value is prior to the application of any Market Value Adjustment formula; and
- (b) The Market Value Adjustment Amount

**Rider Termination** – The Rider automatically terminates upon termination of the base Contract to which this Rider is attached.

- The Base Contract terminates;
- The Death Benefit of the Contract has been paid; or
- You elect to take a one-time benefit under this Rider.

Termination of the waiver benefit shall not prejudice the waiver of any surrender charges when the waiver benefit was in force.
