DISCLOSURE STATEMENT

Thank you for your interest in the MarketEdge Bonus index annuity, a single premium fixed and indexed deferred annuity which is intended to be a long-term financial contract. Some features of this annuity may not be available in all states and may vary by state. This form is not intended to be a complete explanation of your annuity. **Please refer to your Contract for complete details.**

INTEREST CREDITING

You can choose different accounts for your money. Each account earns interest differently. You may make your allocation elections on the last page of this document. Your Accumulation Value is the total of the individual Account Accumulation Values for the accounts you select.

Fixed Rate Account

- **1-Year Interest Account** – The fixed rate is guaranteed for one contract year. On contract anniversaries the rate may change subject to the contractual Minimum Guaranteed Interest Rate of 1.0%. All subsequent premiums received in the first year are applied to this account until the first contract anniversary, then allocated per your instructions.

Index Accounts

A wide variety of index accounts offer earnings – called “index credits” – based on the changes of a specified index. Credits for index accounts are never less than zero and added to accounts at the end of the one/two year period. Cap and participation rates are reset either annually or every two years.

S&P 500® Index Accounts

- **1-Year Point-to-Point Cap** – Index Credits are based on the percentage change in the S&P 500 Index from the previous contract anniversary, up to a specified cap. The minimum cap is 1.0%.
- **1-Year Point-to-Point Cap with 1.00% fee** – Index Credits are based on the percentage change in the S&P 500 Index from the previous contract anniversary, up to a specified cap. The minimum cap is 1.0%. This account offers a higher cap rate than the non-fee version, in exchange for a 1.00% annual fee.
- **1-Year Point-to-Point Participation with 1.00% fee** – Index Credits are based on the percentage change in the S&P 500 Index from the previous contract anniversary, multiplied by the participation rate. The minimum participation rate is 10.0%. This account offers a higher participation rate in exchange for a 1.00% annual fee.
- **1-Year Point-to-Point Performance Trigger** – Index Credits are based on the Performance Trigger Rate if the S&P 500 index increases from the previous contract anniversary. The minimum Performance Trigger Rate is 1.0%.
- **1-Year Monthly Average Participation** – Index Credits are based on the percentage change in the S&P 500 Index monthly average from the previous contract anniversary, multiplied by the participation rate. The minimum participation rate is 10.0%.
- **1-Year Monthly Cap** – Index Credits are based on the cumulative sum of capped monthly changes in the S&P 500 Index from the previous contract anniversary. Each monthly gain is subject to a cap, but monthly declines are not subject to a floor. The minimum cap is 0.5%.

S&P 500® Dynamic Intraday TCA Index Account

- **1-Year Point-to-Point Participation** – Index Credits are based on the percentage change in the Dynamic Intraday Index from the previous contract anniversary, multiplied by the participation rate. The minimum participation rate is 10.0%.
- **2-Year Point-to-Point Participation** – Index Credits are based on the percentage change in the Dynamic Intraday Index from the previous two-year contract anniversary, multiplied by the participation rate. The minimum participation rate is 10.0%.

S&P MARC 5% Excess Return Index Account

- **1-Year Point-to-Point Participation** - Index credits are based on the percentage change in the S&P MARC 5% Excess Return Index from the previous contract anniversary, multiplied by the participation rate. The minimum participation rate is 10.0%.

Barclays Focus50 Index™ Accounts

- **1-Year Point-to-Point Participation** – Index Credits are based on the percentage change in the Barclays Focus50 Index from the previous contract anniversary, multiplied by the participation rate. The minimum participation rate is 10.0%.

Premium Bonus – This Contract offers a Premium Bonus equal to the premium paid in the first Contract year multiplied by 8%. On each of the first, second and third contract anniversaries, a 4.00% Accumulation Value bonus will be added to your Accumulation Value. Annuities that offer bonus features may have higher fees and charges, longer surrender charge periods, lower credited interest rates and/or lower cap and participation rates than annuities that do not provide the bonus feature.

LIQUIDITY FEATURES AND IMPORTANT TERMS

You may receive partial surrenders or periodic income payments from your annuity by submitting a request acceptable to the Company. When you make withdrawals, surrender or annuitize your annuity, the amount withdrawn will not be credited with any index return in the current Indexing Period. Withdrawals do not participate in any index gains during the Contract Year of the withdrawal.

You may be subject to a 10% Federal penalty tax if you make withdrawals or surrender your annuity before age 59½.

Penalty-Free Withdrawals - Each Contract Year after the first, you may withdraw up to 10% of the Accumulation Value after the most recent Contract Anniversary without being subject to a Surrender Charge or MVA.

Partial and Full Surrenders – Any withdrawal over the 10% penalty-free amount will be subject to surrender charges and a Market Value Adjustment. In the event of a full surrender, you will receive the cash surrender value of your contract as a lump sum.

- **Surrender Charges** – This annuity product is a long-term contract with substantial penalties for early surrender. A surrender charge is assessed, according to the schedule below, on any amount withdrawn as a partial or full surrender that is in excess of the penalty-free amount. The surrender charges are for 10 years and decline as follows:

YEAR	1	2	3	4	5	6	7	8	9	10
%	16.0%	14.5%	13.0%	11.5%	9.5%	8.0%	6.5%	5.0%	3.0%	1.0%

The surrender charges vary in the following states:

YEAR	1	2	3	4	5	6	7	8	9	10
FL	10%	10%	10%	10%	10%	9%	8%	7%	6%	4%
CA	8.3%	7.4%	6.5%	5.6%	4.7%	3.8%	2.9%	1.9%	0.9%	0%

- **Market Value Adjustment** – We may make a Market Value Adjustment (MVA) on amounts withdrawn or surrendered from this Contract. It may result in either an increase or a decrease to the amount withdrawn or surrendered. A MVA will be made only when a Surrender Charge is deducted. Generally, the MVA decreases the Accumulation Value surrendered when interest rates rise, and increases it when interest rates fall. The MVA will not reduce the amount surrendered below the Minimum Guaranteed Contract Value. The Market Value Adjustment does not apply in CA.
- **Cash Surrender Value** – The Cash Surrender Value equals the greater of (a) the Minimum Guaranteed Contract Value; or (b) the Accumulation Value less any applicable Surrender Charge, and adjusted for any applicable MVA, determined as of the date of surrender. The Minimum Guaranteed Contract Value will be 87.5% of Premium(s) Paid, less any partial withdrawals, plus interest earned at a rate no lower than 1% and no higher than 3%. Once your Contract is issued, your Minimum Guaranteed Contract Rate will not change.

Annuitization – You may choose to have the proceeds of this Contract paid under a payment option on your income date. This is called annuitizing your Contract. When you annuitize, you can choose from several options, including income for life and/or a specified period of years. Once you annuitize your Contract, you may not surrender it or have access to any values of your annuity, other than your income payments.

Nursing Home Waiver Rider – After the first Contract Year, you may make a partial or a full surrender without incurring a Surrender Charge or MVA if you become confined to a Hospital or Nursing Care Center for at least 90 consecutive days.

Terminal Illness Rider – In the event that you become terminally ill, you may access up to 75% of your Contract's Accumulation Value without a Surrender Charge. A waiting period may apply.

Death Benefit – The death benefit is equal to the Accumulation Value.

INDEX INFORMATION AND DISCLOSURES

Any examples of historical performance of an Index should not be considered a representation of future performance of the Index. Future performance of an Index may be greater or less than any index performance shown in connection with the sale and issue of your annuity Contract. Your Index Credits are based not only on the index, but also on the Participation Rate or Index Cap.
