Some features of this annuity may not be available in all states and may vary by state. This form is not intended to be a complete explanation of your annuity. Please refer to your Contract for complete details.

#### INTEREST CREDITING

#### Fixed Rate Account

- **1-Year Interest Account** – The fixed rate is guaranteed for one contract year. On contract anniversaries the rate may change subject to the contractual Minimum Guaranteed Interest Rate of 1.0%. All subsequent premiums received are applied to this account until the contract anniversary, then allocated per your instructions.

#### Index Accounts

A variety of index accounts offer earnings – called “index credits” – based on the changes of a specified index. Credits for index accounts are never less than zero and added to accounts at the end of the one-year period. Cap and participation rates are reset annually.

#### S&P 500® Index Accounts

- **1-Year Point-to-Point Cap** – Index Credits are based on the percentage change in the S&P 500 Index from the previous contract anniversary, up to a specified cap. The minimum cap is 1.0%.
- **1-Year Point-to-Point Performance Trigger** – Index Credits are based on the Performance Trigger Rate if the S&P 500 index increases from the previous contract anniversary. The minimum Performance Trigger Rate is 1.0%.

#### S&P 500® Dynamic Intraday TCA Index Account

- **1-Year Point-to-Point Participation** – Index Credits are based on the percentage change in the Dynamic Intraday Index from the previous contract anniversary, multiplied by the participation rate. The minimum participation rate is 10.0%.

#### S&P MARC 5% Excess Return Index Account

- **1-Year Point-to-Point Participation** – Index credits are based on the percentage change in the S&P MARC 5% Excess Return Index from the previous contract anniversary, multiplied by the participation rate. The minimum participation rate is 10.0%.

#### Barclays Focus50 Index™ Accounts

- **1-Year Point-to-Point Participation** – Index Credits are based on the percentage change in the Barclays Focus50 Index from the previous contract anniversary, multiplied by the participation rate. The minimum participation rate is 10.0%.

#### LIQUIDITY FEATURES AND IMPORTANT TERMS

You may receive partial surrenders or periodic income payments from your annuity by submitting a request acceptable to the Company. When you make withdrawals, surrender or annuitize your annuity, the amount withdrawn will not be credited with any index return in the current Indexing Period. Withdrawals do not participate in any index gains during the Contract Year of the withdrawal.

**You may be subject to a 10% Federal penalty tax if you make withdrawals or surrender your annuity before age 59½.**

**Premium Amounts** – The minimum premium allowed is \$10,000. The maximum premium allowed is \$2,000,000 without Home Office approval

**Penalty-Free Withdrawals** – Each Contract Year after the first, you may withdraw up to 10% of the Accumulation Value after the most recent Contract Anniversary without being subject to a Surrender Charge or MVA.

**Partial and Full Surrenders** – Any withdrawal over the 10% penalty-free amount will be subject to surrender charges and a Market Value Adjustment. In the event of a full surrender, you will receive the cash surrender value of your contract as a lump sum.

**Surrender Charges** – This annuity product is a long-term contract with substantial penalties for early surrender. A surrender charge is assessed, according to the schedule below, on any amount withdrawn as a partial or full surrender that is in excess of the penalty-free amount. The surrender charges are for 10 years and decline as follows

| YEAR | 1     | 2     | 3     | 4     | 5    | 6    | 7    | 8    | 9    | 10   |
|------|-------|-------|-------|-------|------|------|------|------|------|------|
| %    | 10.0% | 10.0% | 10.0% | 10.0% | 8.5% | 7.0% | 5.5% | 4.0% | 3.0% | 1.5% |

**Market Value Adjustment** – We may make a Market Value Adjustment (MVA) on amounts withdrawn or surrendered from this Contract. It may result in either an increase or a decrease to the amount withdrawn or surrendered. A MVA will be made only when a Surrender Charge is deducted. Generally, the MVA decreases the Accumulation Value surrendered when interest rates rise, and increases it when interest rates fall. The MVA will not reduce the amount surrendered below the Minimum Guaranteed Contract Value.

**Cash Surrender Value** – The Cash Surrender Value equals the greater of (a) the Minimum Guaranteed Contract Value; or (b) the Accumulation Value less any applicable Surrender Charge, and adjusted for any applicable MVA, determined as of the date of surrender. The Minimum Guaranteed Contract Value will be 100% of Premium(s) Paid, less any partial withdrawals, plus interest earned at a rate no lower than 1% and no higher than 3%, less Surrender Charge. Once your Contract is issued, your Minimum Guaranteed Contract Rate will not change.

**Annuitization** – You may choose to have the proceeds of this Contract paid under a payment option on your income date. This is called annuitizing your Contract. When you annuitize, you can choose from several options, including income for life and/or a specified period of years. Once you annuitize your Contract, you may not surrender it or have access to any values of your annuity, other than your income payments.

**Nursing Home Waiver Rider** – After the first Contract Year, you may make a partial or a full surrender without incurring a Surrender Charge or MVA if you become confined to a Hospital or Nursing Care Center for at least 90 consecutive days.

**Terminal Illness Rider** – In the event that you become terminally ill, you may access up to 75% of your Contract's Accumulation Value without a Surrender Charge. A waiting period may apply.

**Death Benefit** – The death benefit is equal to the Accumulation Value.

#### INCOME RIDER

The Income Rider is attached to your annuity Contract at issue. **There is a charge for the Rider**, which will be deducted annually from your Accumulation Value. The Rider provides for Income Withdrawals to be paid to you for your lifetime, even if the Accumulation Value is depleted.

Income Withdrawals can begin any time after the first Contract Year, as long as you (and the Joint Owner if Joint Income Withdrawals are elected) are at least age 50. The initial Income Withdrawal Amount is determined by taking an age-based factor, called the Income Withdrawal Percentage, multiplied by a value, called the Benefit Base. The Benefit Base is equal to the Premium, plus an 8% premium bonus on premiums paid within the first year, less withdrawals, compounded at 8% (the rollup rate) annually years 1-10, or until Income Withdrawals start, whichever happens first. The amount of roll-up credited to an additional premium is based on the date the premium was received, and it will not earn the full annual roll-up amount in the year of the premium payment. The Benefit Base only serves to calculate the Income Withdrawal Amount. **The Benefit Base is not available upon surrender, death or annuitization.**

The Income Withdrawal Percentage is based on your age at the time you first elect to receive Income Withdrawals. The percentage is 5.45% for age 50 and increases 0.10% for each age up to age 85. Joint Income Withdrawal Percentages are based on the age of the youngest Owner and are 0.50% lower than the single life percentages.

**The annual Rider Charge is equal to 1.25% of the Accumulation Value and is deducted from the Accumulation Value** on each Contract Anniversary until the Rider is terminated.

Income withdrawal amounts are increased by 100% for a single-life owner (50% for joint owners) for up to five years in the event of a chronic illness. Chronic illness is defined as permanently unable to perform at least two of six activities of daily living (ADL) or permanent severe cognitive impairment. At the start and during the enhanced benefits period, chronic illness must be certified by a physician annually. Enhanced Income Withdrawals cannot be elected until after the third contract year.

## INDEX INFORMATION AND DISCLOSURES

Any examples of historical performance of an Index should not be considered a representation of future performance of the Index. Future performance of an Index may be greater or less than any index performance shown in connection with the sale and issue of your annuity Contract. Your Index Credits are based not only on the index, but also on the Participation Rate or Index Cap.

If this annuity is replacing an existing annuity, it is important that you compare the two, taking into account whatever charges you may incur on the surrender of the existing annuity and your need to access your funds. For information about your existing annuity, contact the issuing company. We will provide you with a Contract Summary upon request.

The insurance agent/producer has been appointed to represent the Company and is approved to provide services to you on our behalf. The insurance agent/producer will be compensated by us in connection with any business placed with our Company.
