1. GENERAL DEFINITIONS

Accounts mean any of the Accounts available under the Contract, which may be attached as endorsements. When a Premium payment is made, you may specify the allocation of the Premium payment among the selected Accounts. We reserve the right to add Accounts as approved by the Interstate Insurance Product Regulation Commission (IIPRC). We may cease to accept Premiums/Transfer Amounts to a specific Account at any time. Any new Premiums/Transfer Amounts accepted are subject to the terms and conditions in existence for any Account(s) available at that time.

Age means Age at the last birthday.

Annuitant means the person(s) on whose life the annuity benefit for this Contract is based.

Beneficiary means the person or entity you have chosen to receive the Proceeds of the Contract on the Owner's death, as shown in our records. There may be different classes of Beneficiaries, such as primary and contingent. These classes set the order of payment. There may be more than one Beneficiary in a class.

Contract is this document, issued to you in consideration of the payment of the Initial Premium. It includes any attached application, amendments, endorsements, or riders. Only our President, a Vice President or Secretary can change, modify or waive the provisions of the Contract.

Contract Anniversary(ies) means the same date in each year as the Contract Date.

Contract Date means the date on which the Contract is effective (Effective Date). Contract Years and Anniversaries are measured from the Contract Date. The Contract Date is shown on the Contract Data Page.

Contract Year means the 12-month period that begins on the Contract Date or on a Contract Anniversary.

Due Proof of Death is a certified copy of an official death certificate, a certified copy of a decree of a court of competent jurisdiction as to the finding of death, or any other proof satisfactory to us.

Effective Date as it appears in any attachments to the Contract means the Contract Date, unless otherwise noted.

Income Date means the date the Contract's values are applied to a Payment Plan. The Income Date is calculated at issue as the Contract Anniversary after the Annuitant's 100th birthday (or the 100th birthday of the Joint Annuitant, if older) and cannot be changed. The Income Date is shown on the Contract Data Page.

Nonparticipating means this Contract will not pay dividends. It will not participate in any of our surplus or earnings.

Owner means the person (or persons) who owns the Contract, as shown in our records, and who is entitled to exercise all rights and privileges provided in the Contract. The original Owner is shown on the Contract Data Page. The term "person", includes a trust, corporation, partnership, association, or like entity for this purpose.

Proceeds mean the amount payable under the Contract.

Transfer Amount means the amount of Accumulation Value transferring from one Account to another.

2. PAYMENT OF PROCEEDS

On the Income Date, we will pay the Accumulation Value of the Contract to the Owner(s) if the Annuitant is living, unless Section 2.3 applies. You must elect, at least 30 days prior to the Income Date, to have the Proceeds paid under one of the Payment Plans set out in Section 6. If no election is made, Proceeds will be paid automatically as a monthly income for a minimum of 120 months and as long thereafter as the Annuitant lives.

2.1 Death of Annuitant

If the Owner is not the Annuitant, and any Annuitant (and any Joint Annuitants) dies while this Contract is in-force, all Owners must:

- (a) notify us within 90 days; and
- (b) choose a new Annuitant.

If all Owners do not choose a new Annuitant within 90 days of any Annuitant's death, the oldest of all Owners becomes the Annuitant.

For purposes of this section, if any Owner of this Contract is not a natural person, the death of the Annuitant shall be treated as the death of an Owner.

2.2 Surrender of Contract - Any time prior to the Income Date, you may ask in a form acceptable to us to receive the Cash Surrender Value of the Contract. Proceeds payable to you on full surrender of the Contract will be the Cash Surrender Value as defined in Section 5.2. Proceeds payable on a Partial Surrender of the Contract will be as defined in Section 5.5. We may require the Contract to be returned to us when the Proceeds are paid.

2.3 Death of Contract Owner

Proceeds payable upon death will be the Death Benefit as defined in Section 5.4.

- (a) If any Owner of the Contract dies before the Income Date, the following applies:
 - (i) If the sole, designated Beneficiary is the deceased Owner's spouse, the Contract will continue and, if the deceased Owner was also the Annuitant, the deceased Owner's spouse will also be the Annuitant.
 - (ii) If the designated Beneficiary of the deceased Owner's interest is someone other than the deceased Owner's spouse, the entire interest in the Contract must be distributed: (a) within 5 years of the deceased Owner's death; or (b) as to the portion of the deceased owner's interest in the Contract, over the life of the designated Beneficiary or over a period not extending beyond the life expectancy of the designated Beneficiary, with payments beginning within one year of the deceased Owner's death.

If the deceased Owner was the Annuitant, the new Owner will be the Joint Owner, if any, or the Beneficiary if there is no Joint Owner. If the deceased Owner was not the Annuitant, the new Owner will be the Joint Owner, if any, or the Annuitant if there is no Joint Owner. If the new Owner under Section 2.3(a)(ii) dies after the deceased Owner but before the entire interest has been distributed, any remaining distributions will be paid to the new Owner's estate.

- (b) If any Owner dies on or after the Income Date, but before all Proceeds payable under the Contract have been distributed, we will continue payments to the Beneficiary under the payment method in effect at the time of the deceased Owner's death.

- (c) If anything in the Contract conflicts with the foregoing Death of Owner provisions, those provisions shall control. The foregoing Death of Owner provisions and the Contract shall, in all events, be construed in a manner consistent with Section 72(s) of the Internal Revenue Code of 1986, as amended.

2.4 Interest on Proceeds Payable at the Owner's Death - If Proceeds are not paid in one sum or applied under a Payment Plan within 30 days after we receive Due Proof of Death of the Owner, we will pay interest on the Proceeds. Interest will be paid at the rate required by applicable state law from the date we receive Due Proof of Death until the Proceeds are paid or applied under a Payment Plan.

2.5 Exemption of Proceeds - All payments of Proceeds under the Contract will be made from our Executive Office. To the extent allowed by law, the Proceeds will be free from creditors' claims or legal process.

3. OWNERSHIP, ASSIGNMENT AND BENEFICIARY(IES) PROVISIONS

3.1 Ownership - As an Owner, you can exercise the rights given by the Contract provided, however, that no Ownership rights will exist if Section 2.3(a)(ii) applies. You can change the Owner at any time during the Annuitant's life. Any change in Ownership must be requested at our Executive Office. The request must be in a form acceptable to us. Unless specified by the Owner, the change will go into effect on the date the notice of change is signed by the Owner, subject to any payments we make or actions we take before we record the change.

If the Contract is owned by a trust, corporation, partnership, association or other like entity the Annuitant is considered the Owner for purposes of the death benefit provision.

3.2 Assigning Your Contract - You can assign your rights under the Contract to someone else. Such an assignment is not a change of Ownership. Consent of any Irrevocable Beneficiaries is required before any such assignment is effective.

To assign your Contract, you must make a request to our Executive Office. The request must be in a form acceptable to us. Unless otherwise specified by the Owner, the change will go into effect on the date the notice of assignment is signed, subject to any payments we make or actions we take before we record the assignment. We are not responsible for the validity or effect of any assignment, including any tax consequences.

3.3 Beneficiary - You may name any Beneficiary to be an Irrevocable Beneficiary. The interest of an Irrevocable Beneficiary cannot be changed without his or her consent. Otherwise, Beneficiaries can be changed as explained below.

Unless you state otherwise, all rights of any Beneficiary, including an Irrevocable Beneficiary, will end if he or she dies before the Owner. If any Beneficiary dies before the Owner, that Beneficiary's interest will pass to any other Beneficiaries according to their respective interests. If all Beneficiaries die before the Owner, upon the Owner's death we will pay the Proceeds to your estate or legal successors.

You can change the Beneficiary at any time during the Annuitant's life. To do so, make a request to our Executive Office. The request must be in a form acceptable to us. Unless otherwise specified by the Owner, the change will go into effect on the date the notice of change is signed by the Owner, subject to any payments we make or actions we take before we record the change.

A change cancels all prior Beneficiaries; except, however, a change will not cancel any Irrevocable Beneficiary without his or her consent. The interest of the Beneficiary will be subject to:

- (a) any assignment of the Contract, accepted and recorded by us prior to the Annuitant's death; and
- (b) any Payment Plan in effect on the date of the Annuitant's death.

- 3.4 Simultaneous Death of Beneficiary and Owner** – Proceeds will be paid as though any Beneficiary died before the Owner if:
- (a) the Beneficiary dies at the same time as the Owner; or
 - (b) within 24 hours of the Owner's death.

4. PREMIUM

The Initial Premium for the Contract is payable no later than the Contract Date. There is no Contract until the Initial Premium is paid. If any check presented as payment of any part of the Initial Premium for a Contract is not honored, the Contract will be void.

Premiums after the Initial Premium may be paid while the Contract is in force prior to the Income Date or prior to the Owner's death. We may require that the initial premium be at least as high as the Initial Minimum Premium Amount. We may limit or restrict the amount of a premium payment that we will accept in the first contract year without prior approval to the First Year Maximum Premium Amount. Premiums received after the first Contract Anniversary may be limited to the Renewal Year Maximum Premium Amount per Contract year without prior approval.

- 4.1 Allocation of Premiums** – You may allocate Premiums among the available Accounts. We may cease to accept new Premiums/Transfer Amounts to a specific Account(s) at any time. Any new Premiums/Transfer Amounts accepted are subject to the terms and conditions in existence for any Account(s) available at that time. The amount allocated to an Account must be at least \$2,000.

All Premium payments are invested in the general account of the Company. Interest/earnings will be credited in accordance with the terms of the Contract. All Premiums after the Initial Premium will be allocated to the Fixed Account at the time of receipt. On each Contract Anniversary, the Accumulation Value associated with any Premium received since the prior Contract Anniversary will be reallocated among the Accounts according to your most recent instructions.

You may change your allocation instructions at any time by sending a written request on a form acceptable to us. Your written request must be received by us at least five business days prior to the Contract Anniversary to apply to premiums received during that Contract Year. The change to your allocations will be effective on the Contract Anniversary next following our receipt of written notice.

5. CONTRACT VALUES

- 5.1 Accumulation Value** - On the Contract Date, the Contract's Accumulation Value equals the Initial Premium Paid. At any time after the Contract Date, the Contract's Accumulation Value equals the sum of the Accumulation Values(s) of the Account(s) chosen.

- 5.2 Cash Surrender Value** - At any time on or prior to the Income Date, you may ask, in a form acceptable to us, to receive the Contract's full Cash Surrender Value in a single sum. The Cash Surrender Value of this Contract equals the greater of: (a) the Minimum Guaranteed Contract Value; or (b) the Accumulation Value less a Surrender Charge in effect at the time of surrender.

In no event will the Cash Surrender Value be less than the Minimum Guaranteed Contract Value defined in Section 5.3. Upon full Cash Surrender, this Contract will cease to have any further value.

- 5.3 Minimum Guaranteed Contract Value** - The Minimum Guaranteed Contract Value equals 87.5% of the sum of each Premium Paid, less Partial Surrenders, if any, accumulated at the Minimum Guaranteed Contract Rate as defined in the Contract Data Pages, compounded annually.

- 5.4 Death Benefit Value** – The death benefit is the larger of (a) the Contract's Accumulation Value; or (b) the amount that would have been payable in the event of a full surrender on the date of death, adjusted for any payments that may have been made since the date of death.

5.5 Partial Surrender – You may make a Partial Surrender at any time prior to the Income Date by giving notice to Us. After the first Contract Year, Partial Surrenders of up to 10% of the Contract's Accumulation Value as of the last Contract Anniversary may be made without a Surrender Charge.

Partial Surrenders may be taken through a single withdrawal or multiple withdrawals. Any unused portion of the penalty free Partial Surrender amount in a Contract Year will not carry over to any subsequent Contract Year. Partial Surrenders in excess of 10% may be subject to a Surrender Charge. If the Contract is subsequently surrendered during the Contract Year, the Surrender Charge will be applied to any previously uncharged Partial Surrender amounts taken in the same Contract Year.

The amount withdrawn at any one time must be at least \$250. If the Cash Surrender Value after a Partial Surrender is less than \$2,000, We reserve the right to pay the remaining Cash Surrender Value to You as a full surrender. Partial Surrenders will be taken from the Accounts utilized by you at the time of surrender as chosen by us at our sole discretion.

5.6 Payment Deferral - We may delay payment of any amount surrendered or withdrawn for up to six months

5.7 Nonforfeiture Values –On the Income Date, the Contract will provide for a paid-up annuity benefit. Upon surrender of the contract on or before the Income Date, we will pay the Cash Surrender Value in lieu of a paid-up annuity benefit. The reserves and guaranteed values will at no time be less than the minimum required by the NAIC Standard Nonforfeiture Law for Individual Deferred Annuities, model #805.

The benefits available under this Contract are not less than the minimum benefits required by the NAIC Standard Nonforfeiture Law for Individual Deferred Annuities, model #805.

5.8 Discontinuation of or Substantial Change to an Index – If an index is discontinued or the calculation of an index is substantially changed, we may substitute a comparable index subject to approval by the Interstate Insurance Product Regulation Commission. Before a substitute index is used, we shall notify the Owner and any assignee of the substitution.

6. PAYMENT PLANS

On the Income Date, the Accumulation Value can be left with us and paid under a Payment Plan. You can choose a plan during the Annuitant's lifetime. This choice can be changed during the life of the Annuitant prior to the Income Date. If you have not chosen a plan prior to the Annuitant's death, the automatic option as described in Section 2 will be applied.

A plan is available only if the periodic payment is \$100 or more.

Upon receipt of a request to our Executive Office, we will send you the proper forms to choose a plan. The plan will go into effect when the forms are recorded at our Executive Office.

If the person named to receive payments is other than a natural person (such as a trust or corporation), a plan will be available only with our consent. If, for any reason, the person named to receive payments is changed, the change will go into effect when notification is recorded by us subject to any payments we make or actions we take before we record the change.

The minimum amounts payable for each of the Payment Plans described below are based on the amount applied earning interest at the Payment Plan Minimum Interest Rate stated on the Contract Data Page. We may pay a higher interest rate at our discretion. Payments for Plan B are based on the Payment Plan Mortality Table state on the Contract Date Page. The minimum payments for Plans A and B assume annual payments with the first payment made one year after the Income Date.

Annuity benefits under a Payment Plan must be as least as great as those that would be provided by using the Cash Surrender Value to purchase a Single Premium Annuity contract offered by the Company on the Income Date.

6.1 Plan A. Fixed Period - The Contract Proceeds will be paid until the Proceeds, plus interest, are paid in full. Payments may be paid monthly or annually. The payment period cannot be more than 30 years nor less than 10 years. The table below shows the annual payment for each \$1,000 of Proceeds applied with payments starting one year after Proceeds have been applied to this Payment Plan.

6.2 Plan B. Life Income - The Contract Proceeds will be paid in monthly or annual payments for as long as the Owner or Beneficiary, whichever is appropriate as stated under Section 2, lives. We have the right to require proof satisfactory to us of the age and sex of such appropriate person and that such appropriate person is alive prior to making any payment. A minimum number of payments may be guaranteed, if desired.

We rely on statements made in the Application for the Contract. These statements, in the absence of fraud, are deemed representations and not warranties. No statement will void this Contract or be used in defense of a claim unless:

1. GENERAL DEFINITIONS

Accumulation Period means the period of time before Income Withdrawals begin. The Accumulation Period starts on the Rider Date and ends on the date of the first Income Withdrawal.

Benefit Base means a value used to determine the Income Withdrawal Amount. **The Benefit Base cannot be withdrawn in a lump sum and is not payable as a Death Benefit.**

Contract means the Contract to which this Rider is attached.

Excess Withdrawal means any Partial Surrender exceeding the Income Withdrawal Amount in any Contract Year during the Income Period.

Income Benefit Rider Charge means the annual charge for this Rider, which is deducted from the Accumulation Value.

Income Period means the period which starts on the date of the first Income Withdrawal and continues until the termination of the Rider.

Income Withdrawal means a Partial Surrender equal to the Income Withdrawal Amount.

Income Withdrawal Amount means the maximum amount that can be withdrawn each Contract Year for the life of the Owner(s) and before termination of the Rider, even if the Accumulation Value is zero.

Income Withdrawal Percentage means the percentage applied to the Benefit Base to determine the Income Withdrawal Amount. The Income Withdrawal Percentage is based on the attained Age of the Owner at the start of Income Withdrawals. If there are Joint Owners, or Income Withdrawals based on two lives, the Income Withdrawal Percentage is based on the younger person's attained Age. The Income Withdrawal Percentages can be found on the Income Benefit Rider Data Page.

Minimum Age for Income Withdrawals means the youngest attained Age at which the Owner can elect to start Income Withdrawals. If Income Withdrawals are based on two lives, both must meet the minimum age requirement to start Income Withdrawals under the Rider.

Rider means this Income Benefit Rider, in its entirety, which is attached to the Contract.

Rider Date means the date the Rider is effective, as shown on the Rider Data Page.

Rider Waiting Period means the period of time that must elapse before the Owner can start taking Income Withdrawals.

Spouse means the person eligible to receive Income Withdrawal Amounts based on Joint Life Income Withdrawal Percentages in accordance with section 4.2 Income Withdrawal Amount, or the person eligible to continue the contract in accordance with Section 5, Spousal Continuation. For the purposes of this Rider, any Spouse will continue to be treated as a Spouse in the event of divorce, unless directed differently by a court of law.

Withdrawals mean any Partial Surrenders taken under the Contract, as well as Income Withdrawals or Excess Withdrawals taken under the Rider.

2. OWNERSHIP PROVISIONS

For the purposes of this Rider, the Owner and the Annuitant must be the same person, unless the Owner is a non-natural entity. If the Contract is owned by a trust, corporation, partnership, association, or other like entity, the Annuitant is considered the Owner for purposes of the Rider.

To qualify for the Rider, Joint Owners are not permitted unless they are spouses.

The Rider will terminate if any modification results in a change of Annuitant or ownership, other than a spousal continuation or the addition of a spousal Joint Owner, unless the new Owner assumes full ownership and is essentially the same person, or the ownership change is done to effect a 1035 exchange.

Upon the death of any Owner, or Annuitant if the Owner is a non-living entity, the underlying Contract will terminate unless the Contract and the rider are continued by the surviving spouse. See Section 5 of the Rider for details. In all other instances, the Rider will terminate immediately and any Income withdrawals payable under this Rider will cease.

3. PREMIUM

Premiums after the Initial Premium may be paid during the Accumulation Period according to the terms of the Contract. For purposes of the Rider, Premiums include any associated Premium Bonus, if applicable.

No Premium payments are allowed during the Income Period.

We may restrict additional Premiums if the Rider Date is after the Contract Date.

4. INCOME BENEFIT RIDER PROVISIONS

4.1 Benefit Base

During the Accumulation Period

The Benefit Base will increase as described in the Benefit Base Rollup Provision on the Data Page. The Benefit Base will no longer increase once Income Withdrawals begin.

The Benefit Base will be decreased for any Withdrawals. Any Withdrawals during the Accumulation Period will reduce the Benefit Base in proportion to the decrease in the Accumulation Value.

During the Income Period

On the date of the first Income Withdrawal, if the Accumulation Value is greater than the Benefit Base, the Benefit Base will be increased to the Accumulation Value.

The Benefit Base will be decreased by the amount of any Income Withdrawals. Excess Withdrawals, as described in Section 4.5 of this Rider, will decrease the Benefit Base in proportion to the decrease in the Accumulation Value. If the Accumulation Value is zero, there is no longer a Benefit Base.

4.2 Income Withdrawal Amount

At the start of the Income Period, the Income Withdrawal Amount is equal to:

- (a) The Benefit Base, multiplied by
- (b) The Income Withdrawal Percentage.

Once the Income Withdrawal Percentage is determined, it will not change for the duration of the Rider.

The Income Withdrawal Amount is the maximum amount that can be withdrawn each Contract Year under the terms of the Rider, without being considered an Excess Withdrawal. Income Withdrawals reduce the Accumulation Value and are considered Partial Surrenders. Income Withdrawals can be taken in equal monthly, quarterly, semi-annual, or annual installments.

If less than the full Income Withdrawal Amount is taken in any contract Year, the unused portion of the Income Withdrawal Amount will not carry over to the subsequent Contract Year.

The Income Withdrawal Amount is recalculated on each Contract Anniversary according to the Income Withdrawal Amount Recalculation Method, as described on the Data Page.

The Income Withdrawal Amount will only be reduced in the event of an Excess Withdrawal.

Withdrawals of the Income Withdrawal Amount will not be subject to a Surrender Charge (or Market Value Adjustment (MVA) if applicable). Partial Surrender provisions are described in the Contract. Income Withdrawals include, and are not in addition to, the Partial Surrender amount that is available without a Surrender Charge (or MVA if applicable), as outlined in the Contract.

In order to elect Income Withdrawal Amounts based on the Joint Life Income Withdrawal Percentages:

- (a) The spouse of the Owner must be the sole primary beneficiary if the Contract is Individually Owned; or
- (b) The Joint Owners must be spouses, and both Joint Owners must be listed as sole primary beneficiaries, if the Contract has Joint Owners.

Income Withdrawals will continue for the life of the Owner, or until the death of the last surviving Owner if Income Withdrawals are based on two lives and spousal continuation is elected, subject to the terms of the Rider.

4.3 Income Benefit Rider Charge

The Income Benefit Rider Charge will be deducted automatically from the Accumulation Value on each Contract Anniversary.

The Income Benefit Rider Charge will be calculated as:

- (a) The Income Benefit Rider Charge, as found on the Rider Data Page, multiplied by
- (b) The Accumulation Value as of the Contract Anniversary.

The Income Benefit Rider Charge is not deducted from the Benefit Base or the Minimum Guaranteed Contract Value. The Income Benefit Rider Charge is not considered a Partial Surrender under the Contract.

In the event that the Rider is terminated, but the Contract continues, a pro-rata portion of the Income Benefit Rider Charge for the year of termination will be deducted on the next Contract Anniversary. The pro-rata portion of the charge will be based on the number of days that

have elapsed in the current Contract Year on the date the Rider is terminated. There will be no subsequent charges after the pro-rata charge.

There are no Income Benefit Rider Charges if the Accumulation Value is zero.

4.4 Income Period

The Income Period starts on the date of the first Income Withdrawal and ends on the date this Rider is terminated, as described in Section 7.

The Owner is responsible for determining when to begin the Income Period. Income Withdrawals can start any time after the Rider Waiting Period, or the attained Minimum Age for Income Withdrawals, if later.

If the Accumulation Value is reduced to zero due to Income Withdrawals:

- (a) Income Withdrawals will continue for the lifetime of the Owner(s);
- (b) Withdrawals in excess of the Income Withdrawal Amount will not be allowed;
- (c) The Contract ceases to have any Cash Surrender Value or Death Benefit Value; and
- (d) The Contract will provide no further benefits, unless otherwise specified in this Rider.

To begin Income Withdrawals, you must make a request to our Executive Office. The request must be in a form acceptable to us. The Income Period will not go into effect until we receive the request to start Income Withdrawals, and the request is accepted and recorded by us.

4.5 Excess Withdrawals

Excess Withdrawals are defined as Withdrawals exceeding the Income Withdrawal Amount in any Contract Year during the Income Period. Excess Withdrawals may or may not incur a Surrender Charge (or MVA if applicable), depending on whether or not the total Withdrawal exceeds the Partial Surrender amount that is available without a Surrender Charge (or MVA if applicable), as outlined in the Contract.

Excess Withdrawals will decrease the Benefit Base and Income Withdrawal Amount in proportion to the decrease in the Accumulation Value. **Excess Withdrawals may reduce future Income Withdrawals by more than the dollar amount of the Excess Withdrawal.**

If an Excess Withdrawal is taken, no additional Income Withdrawals will be allowed during that Contract Year. Any subsequent Withdrawals during that Contract Year will be treated as Excess Withdrawals.

If Excess Withdrawals reduce the Accumulation Value to zero, the Benefit Base also reduces to zero and this Rider terminates.

4.6 Required Minimum Distributions

The Owner may withdraw an amount equal to his or her Required Minimum Distribution (RMD) while the Rider is in the Income Period. If the RMD is greater than the Income Withdrawal Amount, it will not be treated as an Excess Withdrawal. If an RMD is taken which is equal to or greater than the Income Withdrawal Amount, no additional Income Withdrawals will be allowed during that Contract Year.

5. SPOUSAL CONTINUATION

If the surviving spouse of the deceased Owner elects to continue the Contract, this Rider will also continue under certain circumstances. If the Rider is in the Accumulation Period, the Rider will continue if the spouse becomes the sole Owner and Annuitant of the Contract. If the Rider is in the Income Period, the Rider will continue if:

- (a) The spouse becomes the sole Owner and Annuitant of the Contract; and
- (b) The surviving spouse's attained Age at the time of the Owner's death is at least equal to the Minimum Age for Income Withdrawals.

If these conditions are not met, the Rider terminates immediately. The Termination Date of the Rider will be the Owner's date of death, for purposes of determining the Income Benefit Rider Charge for that Contract Year.

If this Rider is in the Accumulation Period at the time of the spousal continuation, the Rider continues in the Accumulation Period. The surviving spouse can elect to begin Income Withdrawals at any time after the Rider Waiting Period if the surviving spouse meets the minimum age requirements for Income Withdrawals. Income Withdrawals will be based on the Single Life Income Withdrawal Percentage for the spouse's attained Age at the time of the first Income Withdrawal.

If the Rider is in the Income Period at the time of the spousal continuation, the Income Withdrawals will continue at:

- (a) A recalculated Income Withdrawal Amount based on the current Benefit Base and the Single Life Income Withdrawal Percentage for the spouse's attained Age, if Income Withdrawals were based on the Single Life Income Withdrawal Percentages for the deceased Owner; or
- (b) The same amount for the lifetime of the surviving spouse, if Income Withdrawals were based on two lives.

The Income Withdrawals will continue at the original frequency elected and the new calculated Income Withdrawal Amount.

If the Rider continues due to a spousal continuation, the Income Benefit Rider Charge will continue to be assessed annually under the Rider.

The spouse may elect to terminate the Rider at any time after the Rider Waiting Period. In order to elect termination of the Rider, the spouse must make a request to our Executive Office. The request must be in a form acceptable to us. The termination will go into effect when we receive the request to terminate the Rider, and the request is accepted and recorded by us.

6. PAYMENT PLANS

If this Rider is in the Income Period on the Contract's Income Date, the Owner may choose one of the Payment Plans as described in the Contract under which to begin receiving the Contract's Proceeds.

If the following conditions are met, the annual payment under this Payment Plan will be at least equal to the Income Withdrawal Amount on the Income Date:

- (a) If the Annuitant and the Owner are the same person, or if the Annuitant is being treated as the Owner under this Rider; and
- (b) The Owner elects to have Payments based on Life Income without a guaranteed number of payments.

If not, the minimum annual payments and any conditions imposed will be those listed in the Contract.

7. RIDER TERMINATION

The Rider may be terminated at the Owner's request after the Rider Date. Once the Rider has terminated, it may not be restarted at any time. To request termination of the Rider, you must make a request to our Executive Office. The request must be in a form acceptable to us. The termination will go into effect when we receive the request to terminate the Rider, and the request is accepted and recorded by us.

The Rider automatically terminates and Income Withdrawals cease in the event of the following:

- Upon the death of the Owner;
- Upon the request for a full surrender of the Contract;
- Upon election of a Payment Plan under the Contract;
- Upon termination of the Contract for any other reason;
- If the Benefit Base becomes zero due to Excess Withdrawals;
- A change in ownership, unless the new Owner assumes full ownership and is essentially the same person, or the ownership change is done to effect a 1035 exchange; or
- A change in Annuitant.

Upon the death of any Owner, or Annuitant if the Owner is a non-living entity, the underlying Contract will terminate unless the Contract and the Rider are continued by the surviving spouse. See Section 5 of the Rider for details. In all other instances, the Rider will terminate immediately and any Income Withdrawals payable under this Rider will cease.

This Rider has no Cash Surrender Value or other non-forfeiture benefits.

8. ANNUAL STATEMENT

During the Accumulation Period, the Annual Statement will show the Benefit Base and the Income Withdrawal Amount available at the end of the Rider Waiting Period, or the Income Withdrawal Amount available immediately if the Rider Waiting Period has expired.

During the Income Period, the Annual Statement will show the current Income Withdrawal Amount.

1. GENERAL DEFINITIONS

Activities of Daily Living (ADL) are: (1) eating; (2) toileting; (3) transferring; (4) bathing; (5) dressing; and (6) continence.

Chronically Ill means a person who has been certified by a Physician, during the preceding 12-month period, as: (1) having the permanent inability to perform, without substantial assistance, at least two of six Activities of Daily Living (ADL) for at least 90 days due to a loss of functional capacity; or (2) requiring substantial supervision to protect the individual from threats to health and safety due to permanent severe cognitive impairment.

Eligible Owner means the Contract Owner on whose life the Single Life Income Withdrawals are based on. If Joint Life Income Withdrawals have been elected, the Eligible Owner can be the Owner or the Joint Owner (or the spousal sole primary beneficiary if the Contract is Individually Owned), but not both. Once an Eligible Owner is selected, the Eligible Owner cannot be changed.

Enhanced Income Withdrawal means a Partial Surrender equal to the Enhanced Income Withdrawal Amount.

Enhanced Income Withdrawal Amount means the maximum annual amount that can be withdrawn under this Rider, even if the Accumulation Value is zero, assuming all Eligibility Requirements are met.

Enhanced Waiting Period means the period of time that must elapse before the Eligible Owner can start taking Enhanced Income Withdrawals. The Enhanced Waiting Period starts on the Enhanced Rider Date.

Maximum Period for Enhanced Income Withdrawals means the longest period of time for which the Eligible Owner may take Enhanced Income Withdrawals, as measured from the Contract Anniversary immediately preceding the initial request for Enhanced Income Withdrawals.

Maximum Age for Enhanced Income Withdrawals means the oldest attained Age at which the Eligible Owner can start Enhanced Income Withdrawals.

Physician means a licensed and qualified medical doctor who is not a member of the Owner's or the Joint Owner's immediate family.

Enhanced Rider Date means the Contract Date, unless otherwise noted.

2. ELIGIBILITY REQUIREMENTS

If the Eligible Owner meets all of the eligibility requirements stated below, they are eligible for Enhanced Income Withdrawals.

On the date that Enhanced Income Withdrawals begin,

- (a) This Rider and the Income Benefit Rider must be in force and the Income Benefit Rider must be in the Income Period; and
- (b) The Enhanced Waiting Period, as measured from the Enhanced Rider Date, has elapsed; and
- (c) The Accumulation Value of the Contract is greater than zero; and
- (d) The Eligible Owner was able to perform all six Activities of Daily Living (ADLs) on the Enhanced Rider Date; and
- (e) A Physician's statement is provided certifying that the Eligible Owner is Chronically Ill; and
- (f) The Eligible Owner is a U.S. resident; and
- (g) No Premiums have been paid into the Contract for at least 2 years prior to the request for benefits under this Rider; and
- (h) The age of the Eligible Owner is less than or equal to the Maximum Age For Enhanced Income Withdrawals.

To continue to be eligible to receive Enhanced Income Withdrawals,

- (a) A Physician's statement must be provided annually certifying that the Eligible Owner continues to be Chronically Ill; and
- (b) The Eligible Owner must be a U.S. resident.

This Rider shall terminate if the annual certification requirement is not met. If Enhanced Income Withdrawals are discontinued for any reason, they cannot be started again. Enhanced Income Withdrawals can only be activated one time.

Enhanced Income Withdrawals will be discontinued and this Rider will be terminated if the Eligible Owner becomes deceased. If the surviving spouse elects to continue the Contract, the surviving spouse is not eligible for Enhanced Income Withdrawals.

3. ENHANCED INCOME WITHDRAWAL AMOUNT

The initial Enhanced Income Withdrawal Amount is equal to:

- (a) The current Income Withdrawal Amount, multiplied by
- (b) The applicable Chronic Illness Multiplier, less
- (c) Prior Income Withdrawal Amounts received in the current Contract Year.

The Enhanced Income Withdrawal Amount is the maximum amount that can be withdrawn each Contract Year under the terms of the Rider, without being considered an Enhanced Excess Withdrawal. Enhanced Excess Withdrawals are defined as Withdrawals exceeding the Enhanced Income Withdrawal Amount in any Contract Year. Enhanced Income Withdrawals reduce the Accumulation Value and are considered Partial Surrenders. Partial Surrender provisions are described in the Contract. Enhanced Income Withdrawals can be taken in equal monthly, quarterly, semi-annual, or annual installments.

The Enhanced Income Withdrawal Amount is recalculated on each Contract Anniversary that the Eligible Owner meets the Eligibility Requirements. The current Contract Year's Enhanced Income Withdrawal Amount is equal to the greater of the following:

- (a) The Benefit Base, multiplied by the original Income Withdrawal Percentage; multiplied by the applicable Chronic Illness Multiplier, or
- (b) The previous Enhanced Income Withdrawal Amount.

Enhanced Income Withdrawals will not be subject to a Surrender Charge (or MVA if applicable). Enhanced Income Withdrawals include, and are not in addition to, the Partial Surrender amount that is available without a Surrender Charge (or MVA if applicable), as defined in the Contract. You cannot take both the Enhanced Income Withdrawal Amount and the Income Withdrawal Amount in any given Contract Year.

Enhanced Income Withdrawal Amounts will be adjusted proportionately for Enhanced Excess Withdrawals. Enhanced Excess Withdrawals may or may not incur a Surrender Charge (or MVA if applicable), depending on whether or not the total Withdrawal exceeds the Partial Surrender amount that is available without a Surrender Charge (or MVA if applicable), as defined in the Contract. Enhanced Excess Withdrawals will decrease the Benefit Base and Enhanced Income Withdrawal Amount in proportion to the decrease in the Accumulation Value. If an Enhanced Excess Withdrawal is taken, no additional Enhanced Income Withdrawals will be allowed during that Contract Year. Any subsequent Withdrawals during that Contract Year will be treated as Enhanced Excess Withdrawals. If Enhanced Excess Withdrawals reduce the Accumulation Value to zero, this Rider terminates and no further Enhanced Income Withdrawal Amounts are allowed.

If the RMD is greater than the Enhanced Income Withdrawal Amount, it will not be treated as an Enhanced Excess Withdrawal.

At the end of the Maximum Period for Enhanced Income Withdrawals or if eligibility requirements are no longer met, the Income Withdrawal Amount will be equal to the current Enhanced Income Withdrawal Amount, divided by the applicable Chronic Illness Multiplier. No further Enhanced Income Withdrawals will be payable after the Maximum Period for Enhanced Income Withdrawals has expired or once eligibility requirements are no longer met.

4. RIDER TERMINATION

The Rider may be terminated at the Owner's request after the Enhanced Rider Date. Once the Rider has terminated, it may not be restarted at any time. To request termination of the Rider, you must make a request to our Executive Office. The request must be in a form acceptable to us. The termination will go into effect when we receive the request to terminate the Rider, and the request is accepted and recorded by us.

The Rider automatically terminates and Enhanced Income Withdrawals cease in the event of the following:

- Upon the death of the Eligible Owner;
- Upon the request for a full surrender of the Contract;
- Upon election of a Payment Plan under the Contract;
- If the Benefit Base becomes zero due to Enhanced Excess Withdrawals;
- A change in ownership, unless the new Owner assumes full ownership and is essentially the same person, or the ownership change is done to effect a 1035 exchange;
- A change in Annuitant;
- The termination of the Income Benefit Rider;
- Annual Chronic Illness certification requirements are not met;
- At the end of the Maximum Period for Enhanced Income Withdrawals;
- If eligibility requirements are no longer met; or
- If Enhanced Excess Withdrawals reduce the Accumulation Value to zero.

Upon the death of any Owner, or Annuitant if the Owner is a non-living entity, the underlying Contract will terminate unless the Contract and the Rider are continued by the surviving spouse. See the Spousal Continuation section of the Contract for details. In all other instances, the Rider will terminate immediately.

This Rider has no Cash Surrender Value or other non-forfeiture benefits.

The section of your Contract titled “Cash Surrender Value” is deleted in its entirety and replaced with:

Cash Surrender Value - At any time on or prior to the Income Date, you may ask, in a form acceptable to us, to receive the Contract’s full Cash Surrender Value in a single sum. The Cash Surrender Value of this Contract equals the greater of: (a) the Minimum Guaranteed Contract Value; or (b) the Accumulation Value less a Surrender Charge in effect at the time of surrender, plus the Market Value Adjustment described in this Rider.

In no event will the Cash Surrender Value be less than the Minimum Guaranteed Contract Value. Upon full Cash Surrender, this Contract will cease to have any further value.

The Market Value Adjustment is calculated by multiplying the MVA Factor by the amount withdrawn or surrendered (after reduction for any Surrender Charges). The MVA Factor is equal to:

$$1.00 \times (s - c) \times (n / 12)$$

Where:

s = the MVA Rate on the Effective Date

c = the MVA Rate at the time of partial withdrawal or surrender

n = the number of complete months until the end of the MVA Duration.

The MVA Rates are based on Moody’s Bond Indices – Corporate Average. If this index is no longer published, We will use a substantially similar index. If required, any change in the index used will be filed with the proper regulatory authority for prior approval.

Cash Surrender Values may increase or decrease based on the Market Value Adjustment (MVA) features of this Contract. The MVA can be positive or negative. Upon full Cash Surrender, the MVA, either positive or negative, will be limited to an amount equal to the Accumulation Value, less the Surrender Charge, less the Minimum Guaranteed Contract Value. In no case will the MVA cause the Cash Surrender Value to be greater than the Accumulation Value or less than the Minimum Guaranteed Contract Value.

The section of your Contract titled “Partial Surrender” is deleted in its entirety and replaced with:

Partial Surrender – You may make a Partial Surrender at any time prior to the Income Date by giving notice to Us. You may make a Partial Surrender up to the Penalty Free Partial Surrender Amount without a Surrender Charge or Market Value Adjustment. Any portion of the Partial Surrender that exceeds the Penalty Free Partial Surrender Amount may be subject to Surrender Charge and Market Value Adjustment.

Partial Surrenders may be taken through a single withdrawal or multiple withdrawals.

The amount withdrawn at any one time must be at least \$250. If the Cash Surrender Value after a Partial Surrender is less than \$2,000, We reserve the right to pay the remaining Cash Surrender Value to You as a full surrender.

Annual Statement of Values

The annual statement of values will contain:

- (a) An indication that the Cash Surrender Value is prior to the application of any Market Value Adjustment formula; and
- (b) The Market Value Adjustment Amount

Rider Termination – The Rider automatically terminates upon termination of the base Contract to which this Rider is attached.

If the Contract is owned by a trust, corporation, partnership, association or other entity, the Annuitant is considered the Owner when determining eligibility for payments under this Rider.

2.2 Terminal Illness Benefit

If You qualify for benefits under the definition of Terminally Ill, You may take a Penalty Free Withdrawal up to an amount equal to the Terminal Illness Withdrawal Percentage multiplied by the Accumulation Value. If You elect to take 100% of the Accumulation Value under this provision, the Contract will terminate after the benefit has been paid.

If there are Joint Owners, the benefits under this Rider may only be elected once if either Joint Owner become Terminally Ill.

2.3 Benefit Election

To elect a benefit under this Rider:

- You must request payment of the Rider benefit during Your lifetime in a written form; and
- You must submit to us written proof that You qualify for the Rider benefit.

You may only elect to receive benefits under this Rider once.

At our expense, we may require an examination of You by a second Physician to verify any diagnosis or certification made by the initial Physician. The second Physician may be chosen by Us. If the opinion of the second Physician is different than the opinion of the initial Physician, the opinion of the second Physician will rule.

If You are required by a government agency to use this Rider benefit in order to apply for, obtain, or keep a government benefit or entitlement, then You are not eligible to elect the benefit provided by this Rider.

If any Owner dies before We make any payment under the terms of this Rider, We will consider the election to be null and void. We will pay the Beneficiary the Death Benefit as provided in the Contract when We receive due proof of death.

Once a Terminal Illness payment has been paid, the election cannot be revoked. A payment under this Rider is considered made when sent from our Executive Office.

If the payment of the Rider benefit is denied by Us, the surrender proceeds shall not be disbursed until You are notified of the denial and are provided with the opportunity to accept or reject the surrender proceeds, including any surrender charges or Market Value Adjustment.

3. RIDER TERMINATION

The Rider automatically terminates in the event of the following:

- Upon written request from the Owner;
- The Base Contract terminates;
- The Death Benefit of the Contract has been paid; or
- You elect to take a one-time benefit under this Rider.

Termination of the waiver benefit shall not prejudice the waiver of any surrender charges when the waiver benefit was in force.
